

SIMPLIFIED INVOICE & B2B PAYMENT PROCESSING

JUST CONNECT SUPPLIER NETWORK

Building a network of suppliers and clients within our invoice automation solution unlocks unprecedented capability, and transparency. Operate your business via single-click strategic decisions, based on predictive intelligence. The Artificial Intelligence (AI) will perform the required actions, including all interactions with your suppliers and clients

INCREASE CONTROL: REDUCE FRAUD, RISK AND ERRORS

Our solution is constantly monitoring the system for anything out of the norm, and errors. This allows you to manage your business knowing you have full visibility, accuracy, and are in control of your processes.

CUSTOMIZABLE AUTOMATION (YOUR PROCESS OUR TECHNOLOGY)

Our invoice automation platform can be customized in minutes, by the business owner or our customer support team. Determine what you want automated, set your business rules, and let the system take care of the rest. You get to stay in control without doing the work.

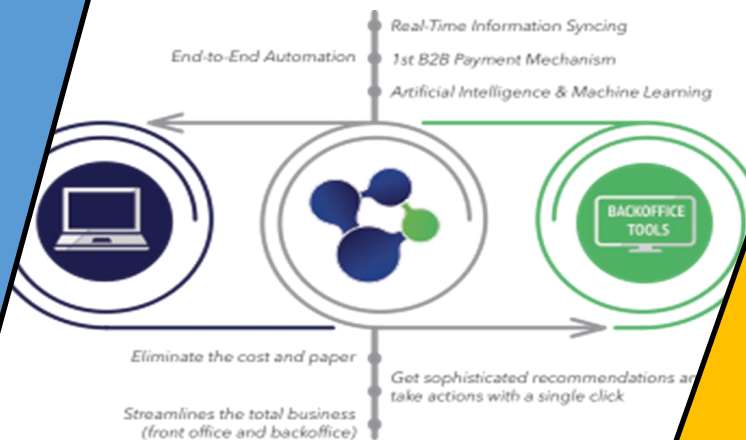

AFFORDABLE, TRANSACTION- BASED PRICING

Pay for only what you use without long-term commitment. Your invoice processing cost will flex with your transaction volume.

B2B ELECTRONIC PAYMENTS WITH NEEDED REMITTANCE DATA: NO MORE PAPER CHECKS

Instantly move money, data, and information with each payment. Your suppliers and customers will love you, giving you the power to negotiate for improved credit

SAVE UP TO 90%+ ON INVOICE PROCESSING COSTS AND PUT YOU IN THE TOP QUINTILE IN EFFICIENCY

WE OPTIMIZE ACCOUNTS PAYABLE AND ACCOUNTS RECEIVABLE BY INTELLIGENTLY MOVING MONEY, DATA AND INFORMATION

Our solution provides straight through invoice processing, intelligent processes management, and predictive insights.
